

TPMS SENSOR ATTACHMENT STRAP

030858 (17,5"), 030857 (19,5"),
030856 (22,5"), 030876 (24,5")

The TPMS Sensor Attachment Strap fixes the INTIRE Tire Pressure Sensor securely on most wheels.

The Sensor Strap offers the most advanced and fastest method for mounting the sensor on the wheel. By installing it on the rim, the risk of damaging the sensor during tire mounting and dismounting is significantly reduced. Additionally, the sensor is protected from external influences inside the tire. The Sensor Strap is compatible with most one-piece wheel designs and can be installed without special tools thanks to the Velcro fastening system.

SPECIFICATION	
ITEM	DESCRIPTION
PART NUMBER	030858 (17,5"), 030875 (19,5") 030856 (22,5"), 030876 (24,5")
OPERATING TEMPERATURE	-40°C to +125°C
SPEED LIMIT	Up to 130 km/h
MATERIAL	Heat and humidity resistant textile
ADJUSTABILITY	150 mm in strap length/ rim circumference
CLOSING OF STRAP	Hook & Loop Tape with Safety Lock
CUSTOMS TARIFF NUMBER	63079098
COUNTRY OF ORIGIN	Germany

SUITABLE FOR
LIGHT, MEDIUM AND HEAVY DUTY COMMERCIAL VEHICLES
